Permanent Holiday Lighting

PERMANENT HOLIDAY LIGHTING

Product Overview

Enjoy a programmable and controllable permanent lighting system that can be used year-round.

Provides accent lighting that illuminates the property, offering increased security.

Enhances the curb appeal and overall value of the property or business.

PERMANENT HOLIDAY LIGHTING

App & Smart Integration

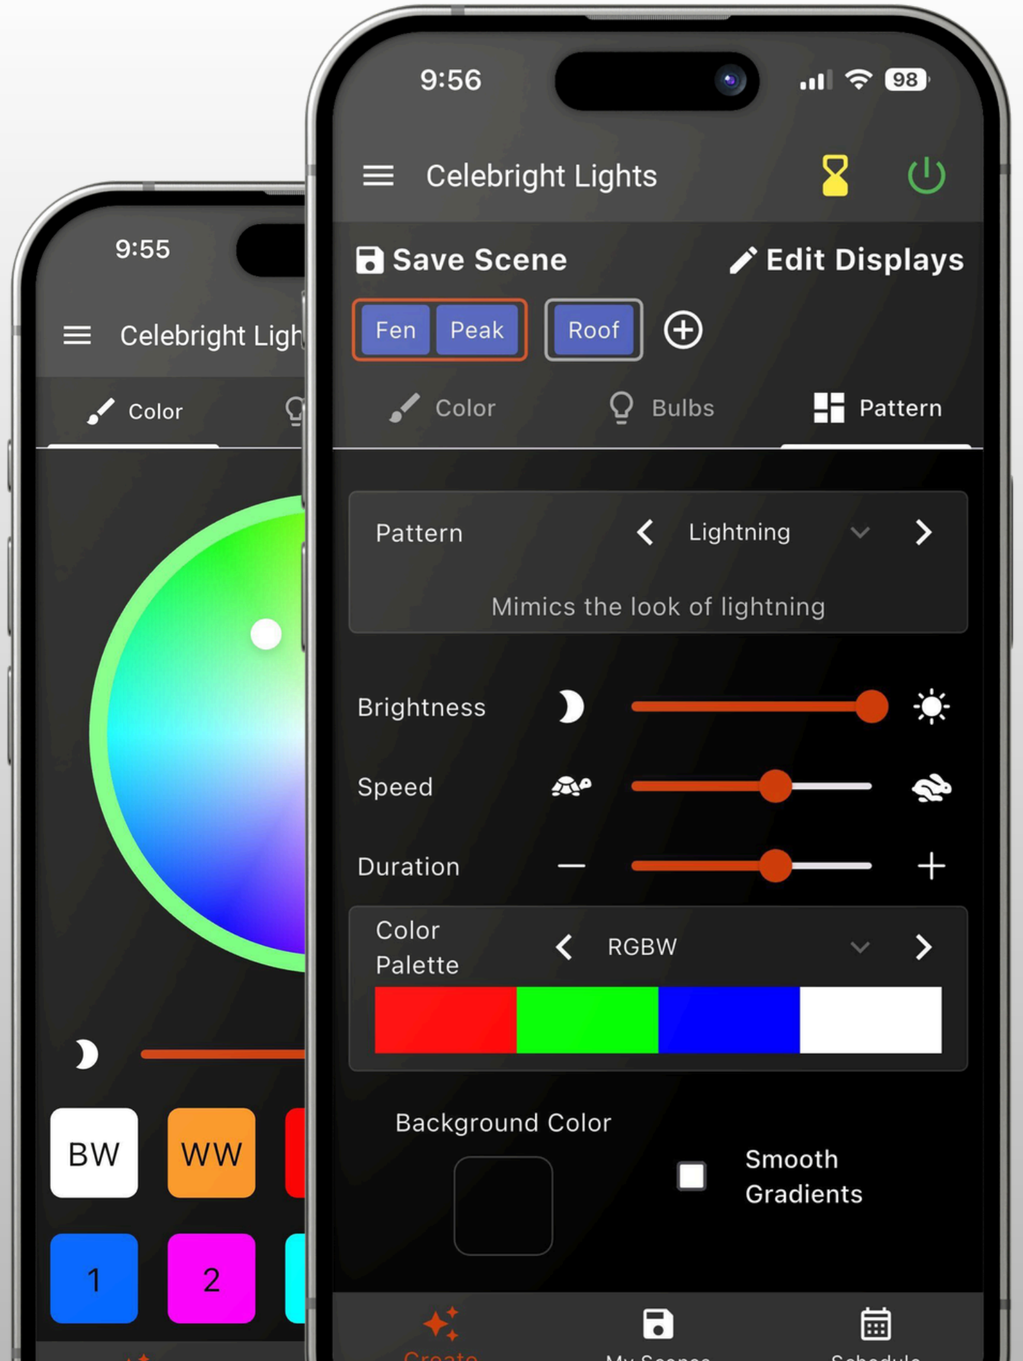
1 **Over 16 Million Colors:** More than your average string of lights! Set them to any color in the rainbow (even warm white).

---

2 **Adjust Brightness:** Control all aspects of the lights, including brightness. Dim them down, or crank them up if you're having a party!

---

3 **App Controlled:** Control all aspects of your lighting system easily from an app on your phone. iOS and Android apps available.



PERMANENT HOLIDAY LIGHTING

App & Smart Integration

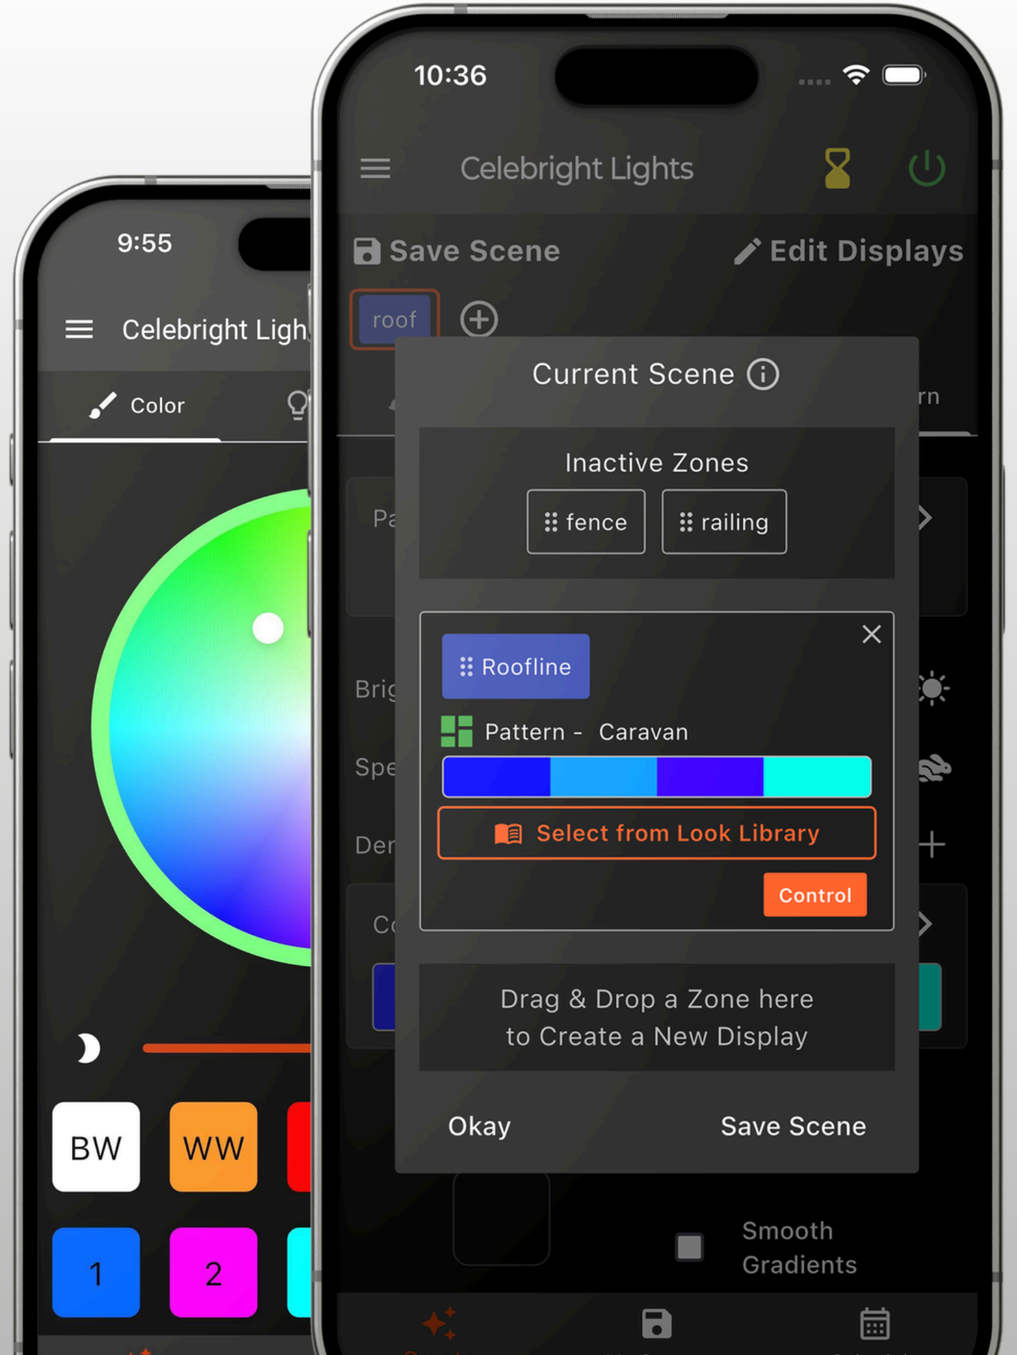
4 **Preset Library:** Download pre-built presets from our community preset library. Feel like sharing? Modify an existing preset or create a new one from scratch and share it with the Celebright community for all to enjoy.

---

5 **Programmable Schedule:** Have your lights turn on at sunset. Program in your favorite holidays. Never worry about turning off your lights again.

---

6 **Global Remote Access:** Access and control your lighting system from anywhere in the world.



PERMANENT HOLIDAY LIGHTING

App & Smart Integration

Celebright's smart integration makes it easy to connect with platforms like Google Home and Amazon Alexa, allowing users to control light settings, adjust color schemes, and schedule routines using simple voice commands.

Additionally, Celebright now integrates with hundreds of cloud-based technologies through the IFTTT platform, enabling control via various smart devices and sensors. This allows for endless customization options, making Celebright lighting a seamless and powerful part of any smart home ecosystem.

Hey Google

"Alexa, turn on Celebright."

IFTTT

PERMANENT HOLIDAY LIGHTING

System Components

The aluminum track is color-matched to the existing architecture for an aesthetically pleasing look that is virtually invisible.

The LED digital lights are low profile featuring adjustable brightness to maximize curb appeal without being overbearing.

The bulbs are rated to IP68 which means they are rated for underwater use. All connectors are also waterproof.

All components of the system are rated to work down to -40 degrees Celsius (-40 Fahrenheit) and up to 85 degrees Celsius (185 Fahrenheit).

INVISIBLE BY DAY,
BRILLIANT BY NIGHT!

PERMANENT HOLIDAY LIGHTING

How the System Works

The system runs at 24V. The control box plugs into a standard 120V power outlet and supplies the lights and controller with the 24V DC it requires. Running at 24V provides high efficiency, and minimizes power lost in wire runs.

A cable carrying power and data connects individual bulbs.

Track shapes are customizable to match the architecture of your home and blend seamlessly.

PERMANENT HOLIDAY LIGHTING

How the System Works

The track is made with enamel-coated aluminum which supports the bulbs and hides all wiring.

WiFi and Mobile app to control the lighting system.

The lighting controller connects to any WiFi network. The Celebright server passes information between the app and lighting system from anywhere in the world.

PERMANENT HOLIDAY LIGHTING

Warranty

All Celebright™ lighting system components are covered under a ten (10) year warranty against defects in materials and workmanship from the date of purchase. This warranty can be transferred to a new homeowner if the property is sold.

Authorized Celebright™ dealers are required to perform warranty service on all Celebright products they have sold or installed for any warranty requests made within a minimum of one (1) year from the date of sale or installation.

PERMANENT HOLIDAY LIGHTING

Commercial Lighting

Celebright’s mission is to bring joy through the power of light. Our maintenance-free permanent lighting system empowers businesses and homeowners to creatively illuminate their spaces with ease through our user-friendly app.

Whether you’re looking to enhance your business’s curb appeal, create festive holiday displays, highlight architectural features, or add extra lighting for security, Celebright offers the perfect solution.

For businesses, our dynamic lighting system can attract attention, set the mood, and draw in customers, turning your establishment into a standout destination.

Strategic outdoor lighting can create a welcoming atmosphere, drawing attention from passersby and enticing them to step inside your business.
